

Today's Scripture

"...the LORD bestows favor and honor; no good thing does he withhold from those whose walk is blameless."

(Psalm 84:11, NIV)

Activate Favor

Favor is a part of your inheritance! You don't have to beg God for it. As a believer in Jesus, you are in covenant with Him. That means that everything He has is yours!

The way you tap into that favor, or activate it, is by thanking Him for it. Say, "Father, thank You for Your favor today. Thank You that Your favor is causing me to be at the right place at the right time. Thank You that Your favor is causing people to want to be good to me." See, you don't have to pray about something that you already have, just receive it by thanking Him.

Before I speak each week, I never say, "God, please give me Your favor. Please give me Your anointing." No, I simply say, "God, thank You for Your anointing. Thank You for Your favor on my life. Thank You for equipping and empowering me." See, I know that it's all part of my inheritance. So I just act like it's true.

Today, activate His promises by faith. Praise and thank Him for His goodness and for blessing your life. Receive His Word as truth and hold it in your heart because He has already given His favor and blessing to you!

A Prayer for Today

"Father, thank You for Your favor and blessing in my life. Thank You for cleansing me and making me new. Your Word says that You will withhold no good thing from me because I walk blamelessly before You by the blood of Jesus. I receive it by faith and thank You for Your goodness in Jesus' name. Amen."
